Good morning ECA Governing Board,

I'm looking forward to seeing everyone at Wednesday's Board Meeting. Attached is a campus map. Since our admin office is quite a distance from where visitors enter, we will need to host our meeting by Excelencia's entrance (see yellow star in attached map). This will ensure we keep the meeting open to the public. There are two tables as soon as you enter where we can sit and meet. I will be there by 5:45pm.

As I mentioned in my previous email, based on current enrollment, we will have to release two teachers. Essentially, we are overstaffed for the amount of students we have. Employees have already been informed and we will implement a plan to minimize the impact this will have on school culture and academics.

During the Board meeting, Stephen will present an updated budget reflecting this decision. During budget updates, I will keep my language general and concise. This isn't for lack of transparency to the Board, but rather to provide the least information possible to the protester who attends. We will be communicating with families regarding these changes and I don't want the news coming from Noemi Guzman-Duncanson (the lead organizer from our protests). In the attached images, you can see her parked out front during our morning arrival. She did so for the first three days of school.

Thanks for understanding. The team and I will continue working hard each day for our scholars!

Sincerely,

Ruben
